UNUSUAL CONCERT AT THE DUNCAN TONIGHT

SANTA FE EMPLOYEES AND THEIR FRIENDS LOOKING FORWARD TO GOOD ENTERTAINMENT

Something entirely out of the usual line of Santa Fe reading room entertainments, but nevertheless a concert that promises to be unusually interesting, will be given tonight at the Duncan opera house by the Van Valkenburg Concert company. The troupe is headed by Miss Ellen Van Valkenburg, who is recognized as the most marvelous woman in Chicago, and who will give wonderful demonstrations of her memory and of her psychic power, during the concert tonight.

The Chicago Record-Herald of some time ago, stated that Miss Van Valkenburg can witness a play and afterwards repeat word for word every utterance of every role and interpret with accuracy every inflection, every gesture and every tone of voice and every detail of the piece staged. She has demonstrated the truth of this before audiences in some of the largest cities in the country and tonight will demonstrate her ability to the Santa Fe employees and other playgoers of the Meadow City.

Miss Harriett Story MacFarlane, a gifted contralto soloist, accompanied by Miss Ethel Bowen, will render several numbers and Miss Nellie Beck Sanders, a song lecturer, will analyze old fireside songs.

The entertainment tonight will be witnessed by a large audience, as the demand for seats has been great. If the crowd exceeds the seating capacity of the Duncan, extra chairs will be placed in the foyers, so there will be seats for all.

The Las Vegas Council, No. 804, Knights of Columbus, will hold its regular meeting tonight in the O. R. C. hall. Following the business meeting there will be an informal smoker. A large attendance is desired.

TELEPHONE OPERATOR SAVES MANY LIVES

THROUGH HER ACTIVITY MILBROOK PEOPLE ESCAPED DROWNING IN FLOOD

Syracuse, N. Y., April 25.—Warned by a telephone operator that the Mineville dam had broken, 500 persons residing in the valley of Milbrook, Essex county, fled to the hills and then watched the torrent wash their homes away. The breaking of the dam precipitated a lake two miles long, half a mile wide and 50 feet deep, upon the valley and inundated two villages. The flood swept with it two other dams and three power plants, causing a damage of over \$100,000.

That no lives were lost is due to the quick work of a telephone girl in the Port Henry exchange, who notified the Milbrook valley folk to flee. The Mineville dam was a new structure of concrete. It was 60 feet high and 200 feet wide.
